To establish your price on Non-Patented Roses use volume total of all roses ordered. For instance, if you order 150 Non-Patented and 360 Patented Roses you will be charged the 500 rate on the Non-Patented varieties. This applies on orders for 10 or more of a kind only.

**Prices for Non-Patented Roses**

COLOR CHARTS for wall hanging showing about 50 popular roses in full natural color furnished free with orders for 500 or more rose bushes. Additional charts at \$1.50 each.

**Prices of Patented Roses**

The price of No. 1 grade is as quoted for each individual variety. The price of the No. 1½ grade is twenty per cent less than the No. 1 grade price. The quantity rate of patented varieties is determined by the number of each variety ordered, rather than the total of all varieties. No. 2 grade roses offered only where shown. *Less than 5 of 1 kind of patent roses will be priced at the retail rate less 25%.*

Because of the additional labor that would be involved at an already extremely busy period, our No. 1½ and No. 2 grades cannot be ready for shipment until late December or early January.

All patented roses are grown under License from the various patent holders.
